

**OBJECTIVE-MAKE ALL BALLS WITHOUT MISSING OR RUNNING INTO ANY OTHER BALLS.  
START WITH BALL IN HAND.  
IF YOU MISS, SCRATCH OR RUN INTO OTHER BALLS, YOU MUST START OVER.  
Spend at least 20 min on each drill and record your highest run.**

1) CLOSE QUARTERS DRILL #1-

2) CENTER OF GRAVITY DRILL-KEEP CUE BALL INSIDE OF THE CIRCLE

-Set up 12 object balls in this wheel shape. Take ball in hand and shoot any ball first. The goal is to shoot the balls into any pocket AND keep the cue ball in the center of the wheel. Like last time, if you miss, scratch or run into any other balls, you have to start over again.

3) IN THE BOX—KEEP CUE BALL MUST REMAIN INSIDE THE BOX

Here also keep the cue ball in the center of the table and you also get ball-in-hand on your first shot.

FOR THE NEXT 2 DRILLS, START FROM LEFT TO RIGHT

- 4) CORNER POCKET DRILL-Start out from the left or right, shoot in order again without missing or running into other balls. Group balls around other corner pocket and repeat.

- 5) SIDE POCKET DRILL-Set up 5 object balls like this. Take ball in hand and start on the far left. The goal here is to shoot them in order from the left to right into the side pocket without missing or running into any other object balls.

ROTATION DRILLS- THE NEXT 2 DRILLS HAVE THE SIMILAR INSTRUCTIONS, EXCEPT SHOOT THESE IN NUMBERED ORDER AND PLACE THE BALLS LIKE THIS.

- 6) 6-Ball Rotation Drill-Into one corner pocket

- 7) 9-Ball Rotation Drill
